KEY NOTES/ FIXING

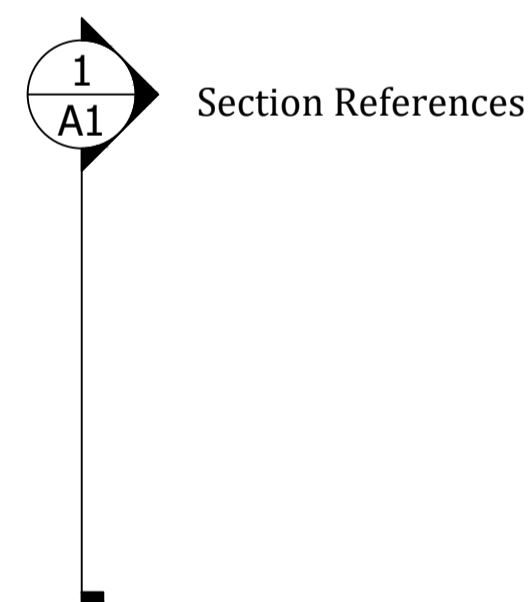

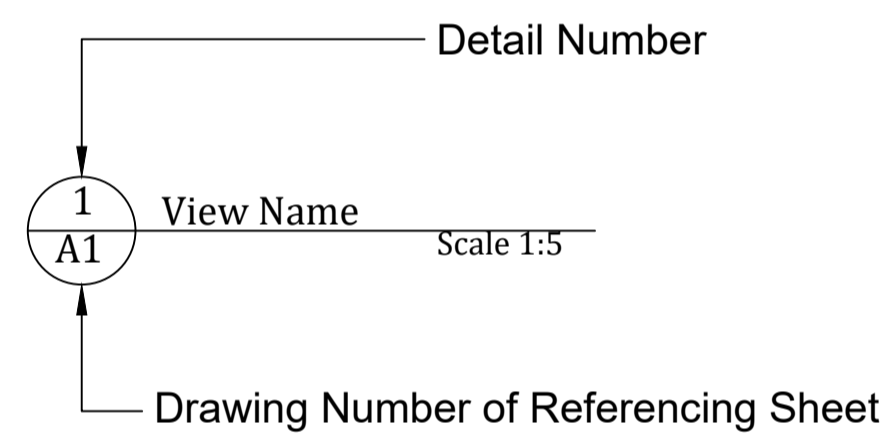

Assumptions:

1. Fixings to the timber or concrete substrate is subjected change based on the structural requirement.
2. HUS Screws are suggested for concrete fixings and Tek screws for timber.
3. NV1 System is incorporated in the following drawings.
4. Dimensions for fixings are assumed such as;
T section: 60*60*6mm
L Bracket: 100*50*6mm
5. Local waterproofing Vaporshim SA (of 3mm) is installed at the junction point between the fixing and substrate.
6. The centre-centre spacing between the horizontal rails are 90mm which can be adjusted based on the site conditions.
